## Literary Devices Picture Frame

Literary Devices are what writers use in order to be more descriptive.

**Symbolism:** Showing objects or people that represent something else.

For example: The American flag is symbolic for freedom.

Firefighters are symbolic for bravery.

**Analogy:** A comparison is made between two pairs by saying, "\_\_\_\_\_ is to \_\_\_\_\_ as \_\_\_\_\_ is to \_\_\_\_\_."

For example: Sharks are to fish as monkeys are to bananas.

Sarah is to playing the violin as Einstein is to mathematic equations.

**Simile:** A comparison is made between two things by using the words like or as.

For example; Beth is like a broken record that continuously repeats itself.

My dog is as fluffy as warm towels fresh out of the dryer.

**Metaphor:** A comparison is made by saying that someone or something is something else.

For example: When Bruce wakes up in the morning, he is a monster.

The students became a pack of wild animals when the teacher left the Sroom.

**Alliteration:** This is when many words start with the same letter.

For example: Peter Piper picked a peck of pickled peppers.

The gracious girls always giggle when they go to Grandma's garage.

Directions: you will create a literary devices frame that will include a different literary device in each area of the frame.

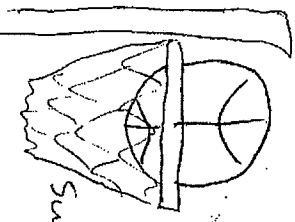

1. Area 1 Middle will include your name and some symbols that represent who you are and what you enjoy.
2. Area 2 Top will include an analogy about yourself
3. Area 3 Left will include a simile about yourself
4. Area 4 Right will include a metaphor about yourself
5. Area 5 Bottom will include an alliteration about something you enjoy
6. You must illustrate and color a picture for each area.

An example is on the back of this paper.

Have fun and be creative.

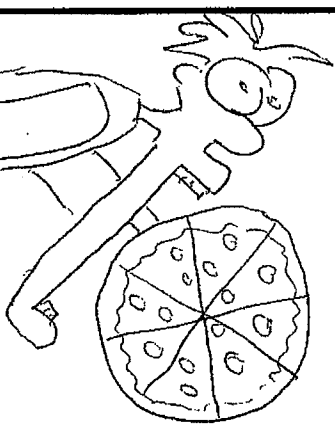

Mark is to writing as Kobe is to basketball

once upon a time...

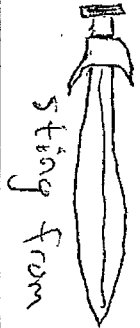

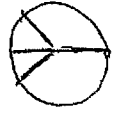

swish

Mark eats like a garbage disposal

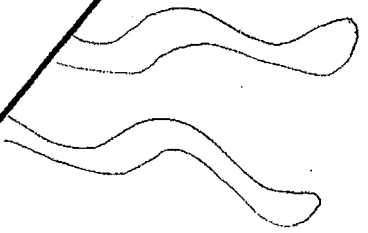

# MARK

sting from Hobbit

Mark is a fish in the water

Mark made muffins with Mandy on Monday Morning.
